Unclassified Position Announcement

SENIOR ENGINEERING ANALYST – WATER & WASTEWATER

Regulatory Operations Staff

The Public Utilities Commission of Nevada is seeking qualified applicants for the position of Senior Engineering Analyst – Water & Wastewater. This is an unclassified full-time position within Nevada State Government.

Recruitment: This is an open competitive recruitment, open to all qualified persons.

Approx. Annual Salary Up To \$68,999 (Salary reflects retirement (PERS) contributions by both the employee and the employer. An employer paid contribution plan is also available with a reduced gross salary.)

Applications Will Be Accepted Until: Further Notice

Qualified applicants will be accepted on a first come, first served basis. Hiring may occur before the announcement is closed.

Recruiting For: An immediate vacancy in Carson City or Las Vegas, Nevada. Must be available for travel (typically up to 25% of the time) is required.

The Position: Performs detailed engineering reviews and studies, makes technical investigations, investigates regulatory compliance of jurisdictional utilities; develops liaison with other governmental agencies on utility matters; provides technical interpretations of statutes and regulations; provides analysis concerning prudent resource planning and facility planning, design, construction and operation to support the Commission in regulating jurisdictional water and wastewater utilities.

Minimum Qualifications: Bachelor's degree from an accredited college or university with major course work in civil or mechanical engineering or closely related field and three years of progressively responsible experience with a regulated utility company or an agency responsible for regulating utilities; OR an equivalent combination of education and experience.

License: Registration as a Professional Engineer in the State of Nevada desirable.
